PROGRAM OVERVIEW

With the ageing of our population, there exists a growing demand for high quality accessible continuing medical education in Geriatrics.

We invite you to attend our sixth annual Geriatrics CPD Course which has been designed to provide front-line practitioners with the latest practical and evidence-based knowledge they need to better manage the care of their older patients.

This two-day CPD Course will feature high-quality interactive lectures by leading faculty from the University of Toronto and beyond and will focus on the assessment and management of geriatric syndromes and common issues that arise in the care of an older patient.

PROGRAM OBJECTIVES

After this educational conference, participants will be able to:

- Recognize and assess common geriatric syndromes in older patients.
- Manage common single and multifactorial medical issues in older patients.
- Establish an approach to address the common and often inter-related medical and social issues that occur within older patients.

PROGRAM HIGHLIGHTS

- Interactive Lectures
- Concurrent Workshops
- Small Group “Lunch With the Professor” Sessions
- Most Difficult Case Conference

TARGET AUDIENCE

Family Physicians, Nurse Practitioners, Nursing Professionals, Therapists, Social Workers, Geriatricians, Internists and other Professionals working with older patients.

LUNCH WITH THE PROFESSOR (LWP) SESSIONS

These highly interactive sessions will allow you and others to converse directly with subject matter experts in their given fields. You are encouraged to bring questions and your patient cases to enhance the group discussion.

Registration will be processed on a first-come, first-served basis.
Please enter “L#” for November 2 and “P#” for November 3.

LUNCH WITH THE PROFESSOR SESSIONS (MAX 12 PARTICIPANTS)

L1/P1  COMPLEX CASE CONFERENCE WITH A GERIATRICIAN

Bring your questions and patient cases to discuss with experts in Geriatric Medicine as we try and help solve issues that you may be struggling with.

L2/P2  UNDERSTANDING HOME AND COMMUNITY CARE OPTIONS

This session helps you to understand the wide variety of community support services that exist, such as transportation, Meals on Wheels services or day programs and home care services like those available through the CCAC. Learn how to effectively access these services for your patients.

L3/P3  MANAGING URINARY INCONTINENCE

Older adults are more likely to experience urinary incontinence. Our incontinence advisor will guide you on how to manage urinary incontinence and help alleviate patient discomfort.

L4/P4  THE LATEST ON GAIT AIDS AND OTHER ASSISTIVE DEVICES

If you want to strengthen your knowledge on gait aids and other assistive devices, this would be a great opportunity to learn what is available, where to find it and how to get it covered by the government whenever possible.

L5/P5  PALLIATIVE CARE AND SYMPTOM MANAGEMENT

This session focuses on how to engage patients who require palliative care and how to manage their symptoms.

L6/P6  COMPLEX CASE CONFERENCE WITH A HOUSE CALLS PHYSICIAN

Bring your questions and patient cases to discuss with experts in House Call Medicine as we try and help solve issues that you may be struggling with. This is also a great session for people interested in getting into or expanding their house calls duties.

L7/P7  GERIATRIC MENTAL HEALTH COMPLEX CASE CONFERENCE

Bring your questions and patient cases to discuss with experts in Geriatric Psychiatry as we try and help solve issues that you may be struggling with when working with patients in the hospital or the community.

L8/P8  WELLNESS AND STRESS REDUCTION

Bring your questions and cases to our newly added compassion fatigue session. Discuss with experts on how to deal with and manage compassion fatigue in the hospital or community.
